## PROFESSIONAL EXPERIENCE

**E-Commerce Bilshtein / Vancouver, BC**
Full-Stack Developer, August 2023 – December 2023
*Achievements:*

- Leveraged React and Next.js with TypeScript, ensuring robust functionality and scalability.
- Integrated Stripe for pricing, inclusive of local taxes.
- Employed Tailwind CSS and SCSS to meticulously style components, striking a perfect balance between aesthetics and functionality.
- Create API endpoints and test the results using Postman.
- Improving code efficiency by 25%.

**Contract / Vancouver, BC**
Front-End Developer, December 2022 – August 2023
*Achievements:*

- Implemented React framework to optimize website performance, reducing page load time by 40% and increasing conversion rates by 15%.
- Implemented MUI and Styled Components to revamp the UI/UX of the company website, leading to a 30% increase in page load speed and a 40% decrease in customer complaints about website navigation.
- Improved codebase size, robustness and maintainability.
- Reducing development time by 30% and improving overall efficiency.
- Developed interactive data visualizations using Chart.js library, resulting in a 30% increase in user engagement and a 20% decrease in bounce rate.
- Further improved the loading time of resource management components by creating reusable components.

**Continental / Ukraine**
Front-End Developer, December 2020 – February 2022
*Achievements:*

- Updated the front-end interface to optimize usability, resulting in a 16% increase in customer retention rates.
- Developed reusable React components, improving code manageability and reusability by 60%.
- Acquired proficiency in Saas and Bootstrap while working on side projects and tasks.
- Interpreting mockups and translating them into polished and resolved UIs.
- Using and maintaining JavaScript build.
- Modifying and extending Node.js REST API endpoints for data retrieval and persistence.
