FULL-STACK DEVELOPER

Results-oriented Full-Stack Developer with 2 years of hands-on experience in building responsive and dynamic web applications. Proficient in HTML, CSS, JavaScript, React, Next.js, TypeScript, Python, and Django. Proven ability to translate design concepts into clean and efficient code, ensuring a seamless user experience. Adept at collaborating with cross-functional teams to deliver high-quality software solutions.

CORE COMPETENCIES

UX/UI Responsive Design	Performance Problem Solving	API Integration Version Control	Adaptability Package Managers	Single Page Application (SPA) Application Development

TECHNOLOGY STACK

React, Next.js, TypeScript, JavaScript, HTML5, CSS3/SASS, Python, Django, Postman, Insomnia, Figma, Tailwind CSS, Bootstrap, Material UI, React-Email, Resend, Clerk, MySQL, Prisma, MongoDB, Git/GitHub, CI/CD, GoDaddy, Vercel, Netlify.

PROFESSIONAL EXPERIENCE

Self-employed | E-Commerce Bilshtein
Full-Stack Developer, August 2023 – December 2023
Achievements:

Successfully spearheaded the development of a cutting-edge Full Stack E-Commerce App, featuring a dynamic Admin Dashboard and CMS. Leveraged React and Next.js with TypeScript, ensuring robust functionality and scalability. Implemented npm for efficient library management and seamlessly integrated Stripe for pricing, inclusive of local taxes. Achieved a sleek and modern design for the Admin Dashboard, optimizing user experience. Ensured cross-device accessibility by delivering a fully responsive mobile design. Employed Tailwind CSS and SCSS to meticulously style components, striking a perfect balance between aesthetics and functionality.

Freelance | contract
Front-End Developer, May 2023 – August 2023
Achievements:

- Collaborated with cross-functional teams to create and launch React-based UI components, reducing development time by 30% and improving overall efficiency.
- Developed interactive data visualizations using Chart.js library, resulting in a 30% increase in user engagement and a 20% decrease in bounce rate.
- Collaborated with cross-functional teams to troubleshoot and resolve coding issues, resulting in a 50% decrease in website downtime.

Freelance | contract
Front-End Developer, December 2022 – February 2023
Achievements:

- Implemented React framework to optimize website performance, reducing page load time by 40% and increasing conversion rates by 15%.
- Implemented MUI and Styled Components to revamp the UI/UX of the company website, leading to a 30% increase in page load speed and a 40% decrease in customer complaints about website navigation.
- Completed the project a month and a half ahead of schedule, demonstrating efficiency and technical proficiency.
